

AGREE ON GENERAL FORM OF APPEAL

Lansing Works on Draft
of Document to Be
Sent to Mexico

CONFEREES ADJOURN

Leave Undecided the Exact
Course to Be Pursued—Will
Meet in New York Next Week

GEN. SCOTT TO MEET VILLA

WASHINGTON, Aug. 6.—The Pan-American conference considering means to restore peace to Mexico adjourned today after having developed no divergence of opinion as to its general purposes, but leaving undecided the exact course to be pursued. It will re-assemble in New York probably early next week.

Will Communicate With Government
Meanwhile the Latin-American diplomats will communicate with their governments and Secretary Lansing will confer with President Wilson.

It was reported tonight that the general form of the final appeal to the factional leaders had been agreed upon by the conferees and adjournment taken while Mr. Lansing laid it before the president. The secretary was said to be at work on a draft of the appeal tonight in consultation with Secretary Lane, who has kept in close touch with the Mexican situation.

The appeal will be addressed to the Mexican people. Copies will be presented to the various Mexican leaders, to the governors of the Mexican states without regard to the faction they represent and also be circulated throughout Mexico by American and Latin-American consular officers bearing the ratification of all South and Central American governments.

Two days of conferences and hearing reports has been brought all the particulars in accord with President Wilson's general plan which is promised on the fact that the majority of the people of Mexico desire peace, which, to be lasting, must go beyond consideration of those who have furthered their plans through force of arms.

The conferees were impressed that while the armed forces are in position to keep the country in a state of turmoil, they are, nevertheless, only a small proportion of the people of Mexico.

Must Eliminate Military Leaders.
While all the particulars are in sympathy with the president's plan to induce the military factions to enter another peace conference and have signified their willingness to co-operate with it to the fullest extent, the South Americans are not sure of success unless some way can be found for elimination of the military leaders and recognition of all classes in Mexico.

It is realized that there are questions of vast moment, when considered in the light of Mexico's international obligations and the responsibilities of the nations which are preparing to sponsor her rehabilitation, that cannot be determined in any brief conferences, but must be the subject of deliberation.

Scott Goes to Meet Villa.
Foremost is the extent to which the claims of the military chiefs shall be considered, and what concessions between them can be arranged. One development which emphasized that feature was the dispatch tonight of Major General Scott, chief of the staff of the army to the Mexican border to confer with General Villa.

The war department refused to comment on General Scott's mission and it was said that there would not be any statement.

After a conference with General Villa, General Scott and Secretary Breckinridge of the war department, it was said the general was going to readjust the American forces in the light of recent developments which have threatened attacks on border towns.

Impressed With Carranza's Successes
It was believed, however, that General Scott, in whom General Villa has expressed confidence, and to whom he often has turned for advice, will outline to the northern chieftain the need of consideration for the other factions. This was taken to indicate that some of the conferees were impressed with the military successes and the extent of territory conquered by General Carranza would entitle him to a greater measure of consideration than General Villa has been inclined to admit. Another point is the extent to which the business and industrial elements, sometimes called the Científicos, must be taken into consideration. It is urged on their behalf that most of them have not been identified with any military activity.

A preliminary conference at the Argentine embassy, which was attended by Eduardo Iturbide, former governor of the federal district of Mexico City and generally accredited a representative of the upper class

COURT ADJOURNS WITH ARGUMENTS UNFINISHED

STATE WITHDRAWS MOTIONS TO DISMISS FERGUS BILLS

Munro Will Complete His Argument on the Constitutionality of the "Omnibus" Appropriation Bill by Noon Today—Lucy and His Assistants Will Represent Defendants.

Springfield, Ill., Aug. 6.—Arguments on the constitutionality of the \$15,000,000 "omnibus" appropriation bill, passed by the recent session of the legislature, the question of the validity of which affects the salaries of numerous state officers and employees, were still in progress when Judge Creighton of the Sangamon county circuit court adjourned court late today. Attorney Fayette B. Munro, representing John B. Fergus of Chicago, the taxpayer in whose name the bills seeking injunctions against state officers paying out the appropriations in question, will complete his arguments by noon tomorrow. The defendant will be represented by Attorney General P. J. Lucy and his assistants, Arthur R. Roy of Quincy and Lester A. Strawn of Ottawa. The arguments made by the state in the "omnibus" bill will cover the points raised by Attorney Munro in the "mileage" bill, the first of the three cases to be heard.

Amends Mileage Bill.
Soon after Attorney General P. J. Lucy announced today that the state had withdrawn its motion to dismiss the Fergus mileage and omnibus injunction bills Attorney Munro announced that as his share of a compromise he would amend the mileage bill. The newest amendment withdrew that part of the prayer, which would have compelled State Treasurer Andrew Russell and State Auditor James Brady to make restitution where money enjoyed had been paid out.

After Attorney Munro's argument was completed Assistant Attorney General Strawn indicated that the state would make answer in another bill. Judge Creighton then took the mileage injunction bill under advisement. The hearing of the omnibus bill began immediately.

In his argument on the mileage bill Attorney Munro said: "If we submit that the legislature can vote itself \$26,000, we establish a precedent; and the net legislature will add on a cypher or two at the right hand side of the amount it votes itself for some other reason."
If all the courts should decide that the mileage bill was unconstitutional, according to Attorney Munro, the next procedure would be to sue any member of the legislature who declined to return the mileage they received. Most of them collected the mileage soon after the bill was signed by the governor. A few declined to draw the sums due them contending that the bill should not have been passed.

DUNNE ACCEPTS RESIGNATION OF WARDEN ALLEN OF JOLIET

Executive Claims Credit for Instituting the Honor System in State Prison.

Springfield, Ill., Aug. 6.—After announcing today that he had accepted the telegraphed resignation of Edmund M. Allen as warden of the state penitentiary at Joliet, Governor Dunne declared the honor system would continue, on a bigger and better plan.

"It is my honor system," said the Governor. "I instituted it, six months before I appointed Allen, in my inaugural address, I said: 'In the actual construction of highways, when it becomes necessary, short term prisoners should be employed on an honor system, such as is employed in Colorado. Humanitarian reasons underlie the employment of convicts in open air work of this sort.'"
The governor kept several secretaries on the run, while he talked, looking up correspondence in the files and carefully verified all his statements.

"Six months after I delivered this statement I appointed Warden Allen the son of a former warden of the penitentiary who had conducted the prison on the old system. To Allen I said: 'I want you to run Joliet on an honor system; we must get away from the old way.' Then I told him to go out to Colorado see Tom Tynan, warden at Canyon City penitentiary and learn their system from start to finish. I told him to install that system at Joliet."
By this time secretaries had a big pile of correspondence in front of the governor. From it the governor selected letters to Allen and the replies. It included a letter instructing Allen to install the honor system at Joliet and one from Allen agreeing to do so.

"Let Allen issue any statement he cares to. I think I have convinced you gentlemen who instituted the honor system at Joliet."

TREATING IS MADE ILLEGAL

Liverpool, Aug. 7.—Treating has been made illegal in a new and drastic order regulating the sale of liquor here. The period in which liquor may be sold is limited to five and a half hours per day.

U. S. MARINES TAKE OFFICE OF PORT

Americans Occupy the
Last Positions Held By
the Haitians

POPULACE IS ALARMED

President of Senate Cables New
Protest to Solon Menos,
Haitien Minister to the U.S.

ASSEMBLY TO MEET SUNDAY

PORT AU PRINCE, Haiti, Aug. 6.—American naval forces today took possession of the office of the port, the national palace and the Haitian gunboat Pacific, which arrived in Port au Prince this morning.

During the movement to take the office of the port the Americans opened fire on the Haitians and one Haitian was killed.

The occupation of the national palace gave the Americans the last positions held by the Haitians. The populace has been thrown into consternation by the operations of the Americans.

Cables New Protest.
The president of the senate, in the name of the nation, today cabled Solon Menos, Haitian minister to the United States, a new protest against the occupation of Haitian territory by the American naval forces.

The American authorities have notified the diplomatic body and the consular agents that Colonel Eli K. Cole, United States Marine Corps and commander of the American expeditionary forces, is entrusted with the maintenance of order and the safeguarding of life and property.

Captain Edward L. Beach, chief of staff to Admiral Caperton, remains in charge of the work of settling any differences of an administrative nature which may arise with the Haitian authorities.

Bobo Reaches Port au Prince.
Dr. Rosalvo Bobo, leader of the revolution, arrived here today on board the United States refrigerator ship Celtic. On landing he was cheered by the populace.

A meeting of the national assembly has been called for Sunday to elect a new president.

Order More Marines to Haiti.
Washington, Aug. 6.—An additional regiment of marines was ordered today to reinforce Rear Admiral Caperton's men now maintaining order in Cape Haitien and Port au Prince. They will sail from Philadelphia. Col. L. W. Waller, U. S. M. C., commanding the advance base marine detachment, will be placed in charge of operations ashore in Haiti. He will have available in all 1,900 men, 79 machine guns and four 3 inch navy field pieces.

A meeting of the Haitian parliament will be held Sunday in Port au Prince to elect a president. Dr. Rosalvo Bobo, leader of the successful revolution in northern Haiti, is thought to be enroute to the capital with 800 soldiers but his representatives have promised Admiral Caperton that the troops will disarm on their arrival. This is taken to mean that Bobo expects to be elected to the presidency without further fighting, his chief opponent, General Blot, a supporter of the overthrown government, having left the country.

SENSATIONAL PERFORMANCES MARK JUNIOR EVENTS AT FAIR

Owing to a Strong Wind None of
the Athletes Will Be Credited
With the Figures Made.

San Francisco, Calif., Aug. 6.—Sensational performances marked the junior national championships of the Amateur Athletic Union at the Panama-Pacific exposition stadium today but owing to a strong wind, none of the athletes will be credited with the figures made.

One world's record was equalled and another broken, while six national junior A. A. U. records went by the board. In the 220 yard dash R. E. McBride of the Denver Athletic club flashed down the track in the phenomenal time of 21 seconds flat, beating the former world's record by 1-5 of a second.

The long standing world's record in the 440 yard dash was equalled by F. Cloman, of the Olympic club of San Francisco, when he went the distance in 47 seconds.

The junior national A. A. U. records broken were in the 100 yard dash, discus throw, 440 yard dash, hop, step and jump, javelin throw and 220 yard hurdles.

The five leading point winners finished in the following order: Olympic club, San Francisco, 28; Chicago Athletic Association, 27; Los Angeles Athletic club, 24; Young Men's Gymnasium, New Orleans, 21; New York Athletic club, 14 points.

Tomorrow the senior national championships of the Amateur Athletic Union will be held.

GENERAL B. F. TRACY DIES IN NEW YORK

STOOD PROMINENT IN PUBLIC EYE
FOR MORE THAN SIXTY YEARS

Served as Secretary of the Navy Under President Harrison and Was Termed "The Father of the Fighting Navy"—Led a Versatile and Brilliant Career.

New York, Aug. 6.—General Benjamin F. Tracy, who was President Harrison's secretary of the navy, died of paralysis here today in his eighty-fifth year after a period of unconsciousness lasting nine days.

In Public Eye More Than 60 Years.
Gen. Benjamin Franklin Tracy, lawyer, soldier, jurist and statesman, stood prominent in the public eye for more than 60 years. At the age of 83, he argued an case before the supreme court of New York with brilliance undimmed by years.

"Some people have called me 'the father of the fighting navy,'" he had said recently. "I won't deny it. I believe I am. I tried to take the navy department out of politics and I believe I succeeded."

He referred to the days when he served as secretary of the navy under President Benjamin Harrison.

"At that time," said Gen. Tracy, "the cruiser Baltimore was the largest and strongest ship we had, and she was only a protected cruiser. I saw the necessity of building ships which could fight if they had to."

"What's the use of building a ship that can't run away from a ship it can't whip?" demanded the secretary in his appeals. The phrase has become historic.

He won the public. As a consequence there appeared three new types of naval vessels: the armored cruiser, the armored battleship, and the scout cruiser. He also replaced all-steel armor with the present-day nickel-steel. This aroused England and literally "stripped" the armor from the British navy. All naval powers were compelled to adopt the new method of protection.

Leads Versatile Career.
Gen. Tracy led a versatile and brilliant career. Born in Oswego, N. Y., he was a play and school-mate of Senator Platt. He was admitted to the bar at the age of 21. When 23, he was elected district attorney of Tioga county.

He helped Horace Greely organize the republican party in New York state at 25 years of age. At the outbreak of the Civil war, he was serving in the New York legislature as an assemblyman. It is said that here he made the first legislative speech in the United States in favor of paper money for war expenses. Like many of his colleagues, Assemblyman Tracy went to the front, after organizing two regiments. He served first as colonel of the 199th New York.

At the battle of the Wilderness he won the congressional medal of honor and was breveted brigadier-general and volunteers at the close of the war. Four times in the wilderness, he rallied his regiment to finally sweep over the Confederate ramparts. At the moment of victory he fell desperately wounded upon his battle flag. Historians say his deed made possible Sherman's march to the sea. He closed his war record as commander of the military post and prison at Elmira, N. Y.

Gen. Tracy met most of the great Americans of the last half century. "The greatest man with whom I ever came in contact was Abraham Lincoln," he said. "I did not know him intimately, but the length of the man fingers in my mind."

"The greatest president since the Civil war," he continued, "I think was McKinley. He could make a man feel happy while refusing to appoint him to office."

Fights Whiskey Graft.
Gen. Tracy was made United States district attorney for the eastern district of New York after the war. The whiskey graft scandal of 1866 was at its height. The general fought the illicit distillers and grafters mercilessly. Mobs threatened him but he continued his prosecutions and convictions.

"It was during this fight," said the general, "that I drew what is now known as the conspiracy act. I took it to Washington and argued it passed in 1867. I drew also the internal revenue act relating to whiskey and tobacco, and that remains the law substantially today." This law greatly increased the resources of the government. In the year following its passage, \$50,000,000 was secured for the United States instead of \$13,000,000 of the year before.

At 51 years of age, Gen. Tracy was appointed a judge of the New York court of appeals. President Benjamin Harrison selected him for the portfolio of secretary of the navy at 59 years of age.

The tragedy of his wife and daughter at a single blow. It was while secretary of the navy, in 1890, his beautiful Washington home caught fire and Mrs. Tracy and Mary Tracy were burned to death.

At 63, the general resumed his private law practice. His fame had become international. He acted as counsel for Venezuela in the dispute over boundary lines between that country and England, in 1899.

He was one of the counsel for the defense in the celebrated trial of Henry Ward Beecher when the famous divine was sued for \$100,000 by Theodore Tilton for alienation of his wife's affections. The trial lasted six months and the jury disagreed.

TO INVESTIGATE WORLD MARKETS

"Flying Squad" of Commercial
Scouts Will Precede
Investigators

PRATT PERFECTS PLANS

Agents Will Cover Practically
the Whole World Except the
European War Area

REPORT TO MANUFACTURERS

WASHINGTON, Aug. 6.—A "flying squad" of government commercial scouts will prepare the way for American investigations of world markets heretofore dominated by Europe. Under plans perfected today by Dr. E. E. Pratt, chief of the Bureau of Foreign and Domestic Commerce, agents will be sent to South America, Africa, Australia and the Far East, covering practically the whole world, except the European war area, their reports to be submitted to American manufacturers.

To Make World-Wide Probe.
Juan Homs and Frank H. Von Motz will make a world wide investigation of the market for agricultural implements. Homs starting in South Africa and covering Australia and probably the Far East. Von Motz will cover the South American continent. The investigation will take nearly a year.

Special agents will be sent to study the furniture and wearing apparel markets in Latin-America, supplementing work now in progress in the far east.

Edwin M. Borchard, already has begun an exhaustive investigation of the commercial laws of South America and will draft a working manual of the legal conditions of business in every country on the southern continent.

Walter Fischer, investigating the fruit markets in South America, now is touring fruit districts of the United States to determine the possibilities of export trade.

R. M. Odell is in China studying the cotton goods market with particular reference to Japanese competition while F. H. Smith is preparing a world review of the lumber industry.

Will Point out Possibilities.
To supplement this work, Commercial Agent Rose will visit all parts of the United States and confer with commercial organizations, manufacturers and merchants, telling of the development work in progress. Later a traveling agent will follow him who will devote his time to pointing out the possibilities of the South American markets.

In the last fiscal year, the commerce bureau has handled nearly six thousand trade opportunities which resulted directly in exports of about \$125,000,000 when communicated to manufacturers.

SEARCH FOR BODIES OF FRIE DEAD PROGRESSES STEADILY

Three More Corpses Are Recovered
Bringing the Total Death List to
Twenty-nine.

Erie, Pa., Aug. 6.—Search for the bodies and the work of clearing away the debris left by Tuesday's cloudburst, progressed steadily today. Three more corpses were recovered, bringing the total of the death list up to 29. The missing list still was long tonight and it was thought that many victims had been carried out into Lake Erie. Hopes of recovering such bodies was small because of the strong under-tow in the bay. Those found today were identified as William Devitt, recovered from lake; Mrs. Minnie Stotzer, found in ruins; Edward Garber, recovered from creek.

About \$20,000 has been raised for the relief funds. As a means of increasing the subscription a committee of 100 business men will start to canvas the city Monday. Their object will be to collect enough money to give those who lost all in the flood a fresh start. Women of the city have collected and distributed a large amount of clothing to flood sufferers.

Looting decreased today and there were few arrests compared with yesterday. State police, reinforced by the naval militia and local police, guarded the flood district. State health authorities inaugurated measures designed to prevent an epidemic. The sanitation problem is serious because of numerous decaying carcasses of animals in the ruins of slaughter houses.

FIRE CAUSES HEAVY LOSS.
Milwaukee, Wis., Aug. 6.—Fire which started in the Royal Candy company building late tonight caused a loss of approximately \$25,000. For a time the docks and warehouse of the Chicago-Milwaukee and Racine Steamboat company were threatened.

MEXICAN RAIDERS KILL TWO AMERICANS

U. S. CALVARY, TEXAS RANGERS AND
POSSES SEARCH FOR BANDITS

Officers State They Have Found a
Clue to the Identity of Some of
the Raiders—American Who Witnessed Killing Recognizes Some of the Bandits.

Brownsville, Tex., Aug. 6.—United States cavalrymen, Texas Rangers and posses of citizens tonight were continuing the search for a band of Mexican ranch raiders who, today after several weeks of outlawing, raided the town of Sebastian, 37 miles north of Brownsville and killed Al. Austin, president of the Sebastian Law and Order League and his son Charles.

Adjutant General Henry Hutchins, of Texas, visited Sebastian this afternoon and personally investigated conditions there. It was said here tonight that he would recommend to Governor Ferguson that a sufficient force of the Texas National Guard be sent to Cameron county to afford protection against the outlaws.

Officers of Cameron county, after five weeks of constant work, said tonight they had found a clue to the identity of some of the raiders. A young American named Millard, who was a witness to the killing of Austin and his son, was quoted as saying he recognized five or six of the Mexican bandits as residents of Sebastian community. He gave their names to the authorities, it was said.

This information, if confirmed, would indicate that Mexican residents on the Texas side of the Rio Grande are at least partly responsible for recent acts of outlawry charged to raiders from the Mexican side.

Force Millard to Drive Cart.
Millard was forced by the Mexicans to drive a cart in which Austin and his son were placed, from their farm to their home, which was ransacked. The Austins then were killed. Millard said he recognized one of the bandits as a Mexican to whom he had loaned money. On fact he thinks his life was spared.

Two arrests were made tonight in connection with the killing today of Austin and his son. The two men who were taken into custody near Sebastian and placed in jail at San Benito, Tex., it is reported. A heavy guard placed around them because a fear of violence.

SIGMA CHI FRATERNITY ENDS CONVENTION WITH ELECTION

BERKELEY, Cal., Aug. 6.—The Sigma Chi fraternity ended the thirty second biennial convention of its grand chapter today with the election of the following officers:

Grand Consul—W. F. Allen, Austin, Tex.
Grand Questor—W. Z. Crothers, Chicago.
Grand Annotator—B. S. Adams, Chicago.
Grand Tribune—W. D. Kerr, Chicago.

Grand Editor—Milton E. Robinson, Chicago.
Grand Historian—Roy N. Harmon, Chicago.

The Fraternity includes: M. C. McTurnon, Rigdon, Ind.; M. J. Hall, Hastings, Mich.

REV. DR. SAVAGE DIES

Chicago, Aug. 6.—Rev. George Slocum Folger Savage, one of the founders of the Chicago Theological Seminary and the oldest Congregational minister in Illinois, died at his residence here today of paralysis. Dr. Savage was born June 29, 1817. He was graduated from Yale in 1844 and came to Chicago in 1860. The funeral services will be held on Monday.

FIND SAWYER GUILTY

Chandler, Okla., Aug. 6.—The jury in the case against Claude Sawyer, charged with being a member of the Henry Starr gang which robbed two Stroud, Okla. banks this afternoon, returned a verdict of guilty. Judge Charles B. Wilson immediately sentenced Sawyer to five years in the state penitentiary.

FERDINAND SULZBERGER DIES

London, Aug. 6.—Ferdinand Sulzberger, the New York met packer, died this morning in a sanitarium at Constance, Germany, according to the Amsterdam correspondent of the Exchange Telegraph company.

WEATHER FORECAST AND TEMPERATURES

WASHINGTON, Aug. 6.—Illinois: Partly cloudy Saturday and Sunday; slightly warmer Saturday.
Temperatures:

RUSSIANS HOLD ENTRENCHED CAMP

Evacuate Whole Vistula
Line With the Exception
of Novogeorgievsk

IS STRONGLY FORTIFIED

Laying of Siege to Camp May
Prove One of the Most Inter-
esting Operations of the War

FRENCH REPULSE ATTACK

BULLETIN.
LONDON, Aug. 7.—A dispatch to the daily Mail from Copenhagen says:

"The Russians are evacuating Kovno. The governor and his staff and the banks have gone. The population has been leaving for the past week."

LONDON, Aug. 6.—With the exception of the great entrenched camp Novogeorgievsk, the Russians have evacuated the whole line of the Vistula river. Ivangorod, the southern fortress, having fallen into the hands of the Austro-German army, the Russians now are making their way eastward to the Brest-Litovsk line.

The decision of the general staff to leave the garrison in Novogeorgievsk is announced in Petrograd dispatches. The object is to deprive the Germans of the use of railway communications and of the Vistula river for bringing up supplies for their armies.

Camp Strongly Fortified.

Novogeorgievsk is situated at the junction of the Vistula, Narew and Wrka Rivers to the northwest of Warsaw. It has two powerful bridgeheads, eight citadels and seventy-four redoubts, containing eleven and twelve inch batteries.

It is calculated by military observers here that an army corps can hold out there for many months, as the camp is protected by massive earthworks, which doubtless have been enlarged and improved since the Russians were compelled to begin their retirement.

The laying of siege to Novogeorgievsk may prove one of the most interesting operations of the war, as it doubtless will show whether earthworks are less susceptible to the fire of high explosives than are cupola forts.

Destroy Bridges Over Vistula.

Of the returning Russian armies the official reports say nothing. The Russians, however, destroyed bridges over the Vistula and took other means to place obstacles in the path of their pursuers, while others of their force continue to offer stubborn resistance to the Germans and Austrians south and north who are trying to forge a ring around them.

The general opinion here is that the Russians commenced their retirement in time to escape this ring but they have yet to reckon with the wider outflanking movement from Lomza which, if successful, would turn the Brest-Litovsk line.

Von Buelow's Advance a Serious Menace.

An even more serious menace seemingly is General von Buelow's advance in the Baltic provinces. While, according to Petrograd, the Germans have been thrown back immediately south of Riga, they have made a further advance east of Poneviesch toward the Dvinsk-Vilna-Petrograd railway.

Some critics believe this move means that the Germans, unless they succeed in smashing the Russian army, intend to make an effort to advance further into Russia and endeavor to force Emperor Nicholas to accept a separate peace.

With the history of previous invasions of Russia before them, however, it is believed in other quarters that the German staff would hesitate at such a tremendous undertaking.

Make Series of Attacks in West.

Along the western front the Germans have made a series of attacks but all of them, according to the French report, were repulsed.

In diplomatic circles great interest attaches to the negotiations going on in the capitals in the Balkan states. The ministers of the quadruple entente powers at Nish, Serbia, following the example of their colleagues in Athens, have had a conference with the Serbian government. Simultaneously Sofia has denied the repeated reports that an agreement had been reached between Bulgaria and Turkey.

ANSWERS ULTIMATUM

BY FIRE.
Nogales, Ariz., Aug. 6.—An ultimatum sent today by General P. Elias Calle, Carranza commander, laying siege to Nogales, Sonora, to Governor Jose Maytorena, Villa chieftain, demanding the town, demanding immediate surrender, was answered by the firing of two shells in the direction of the Carranza camp at Santa Barbara, nine miles distant.

Secretary Redfield has published
some letters to prove that he war-
ned the Eastland's owners on July
14th: If he had warned the public
at the same time the Eastland dis-
aster would never have been a fact.

The Wisconsin eugenic marriage
law has been considered an advance
bit of legislation but had some
flaws in it which have made it dif-
ficult of enforcement. An amend-
ment has just been agreed upon by
the Wisconsin legislature which will
make the measure more practicable
and effective. The amendment gives
physicians authority to use their
best judgment in passing on appli-
cants for marriage in the same way
as they pass judgment on applicants
for life insurance, following clinical
examination.

Hoopeston has had the outside
reputation of being a model sort of
city from a moral and religious
standpoint but judging from the
activities of Mrs. Agnes Frisinger
the new city matron, the reputation
was not deserved. Mrs. Frisinger it
seems has police powers and she
has taken upon herself the burden
of cleaning up Hoopeston. Single
handed she has raided gambling
houses and has done various things
to control the social evil. The re-
velations were such that the chief
of police and all of his assistants re-
signed. Now the city matron who
has the backing of a woman's vigi-
lance committee of fifty declares she
is going after some offenders "in
society" and declares there are some
scandalous doings among the fash-
ionable set.

City Ownership of Street Cars.

The stockholders' of the United
Railways company of Detroit have
ratified a contract for the purchase
of the city lines by the city. The
transfer will be made at an early
date and the experiment will be
watched with interest the country
over. Many street railway fran-
chises which have been granted
within recent years contain clauses
providing that at an end of a pe-
riod of years that the city can have
the right to purchase the property
for its physical value on the theory
that its value as a going concern is
not to be considered because the
franchise has expired.

The Detroit experiment will be
watched because of the problem of
municipal ownership involved which
is in a manner related to the still
larger problem of the government
ownership of railroads and tele-
graph. Those who oppose municipal
ownership of utilities prophesy that
in Detroit it will be only a question
of time until the service becomes
poor and that because of politics the
railway system will prove an ex-
pense to the tax payers and prove
simply a means of providing ap-
pointive positions and with the pos-
sibilities of developing graft. Those
who believe in the principle of mun-
icipal ownership and think that the
next few years will develop many
ideas in the operation and owner-
ship of public utilities for the bene-
fit of the people see in the Detroit
purchase a beginning of this devel-
opment in the larger American cit-
ies.

Immigration a Low Figure.

Doubtless because of the war im-
migration to the country during the
year which closed July 1 was the
lowest since 1899 and the net in-
crease in the foreign population for
the year was less than 45,000. Sta-
tistics issued today show 326,700
immigrants and 107,544 non-immi-
grant aliens admitted during the
year while 294,074 emigrant and
150,100 non-emigrant aliens depart-
ed. Admission was refused to 24,
111 aliens.

Italian immigration showed the
greatest falling off, 238,000 fewer
Italians having arrived than during
the previous year. Other decreases
were: Polish, 113,000; Hebrew, 111,
000; German, 59,000; Russian, 49,
000; Magyar, 49,000; Croatian and
Slavonian, 35,000; Ruthenian, 33,
000; Slovak, 23,000; Rumanian, 22,
000; Lithuanian, 19,000; English,
Serbian and Montenegrin, 11,000;
Irish, 10,000; Finnish, 9,000;
French, 5,500; Spanish, 5,500; and
Turkish, 2,400.

American travel to Europe de-
creased 196,385 during the year,
compared with the previous twelve
months, and there was also a de-
crease of 47,007 in the number of
Americans arriving from abroad.

Some Significant Figures.

Commenting on the decrease in
our exports of agricultural imple-
ments—from \$40,600,000 in 1913,
a Republican year, to \$10,000,000
fiscal year 1915, a report of the de-
partment of Commerce says: "An-
other contributory factor was the
recent establishment of great plants
in Russia and France, capital, for
the manufacture of farming ma-
chinery." This is but another in-
stance of the Democrats placing the
blame on a condition of affairs
which they created. By placing farm
implements on the free list they en-

couraged American capital to go
abroad, erect mills and employ for-
eign labor, after having either closed
up its mills, or reduced the num-
ber of hands employed here. Cor-
porations like the International
Harvester company can possibly af-
ford to do such a thing.

A representative of this company,
appearing before the Ways and
Means committee, said that the In-
ternational needed no protective du-
ties, but he hoped the committee
would give protection to the num-
erous small companies in this coun-
try. The Republicans gave the

small men a protective duty of 15
per cent, which enabled them to
sell. Then came Mr. Underwood,
with his bunk for farm "consump-
tion. Free trade in farming imple-
ments would give the farmer a
cheaper plough. Witness the result
above mentioned. Now the farmer
will get his plough at the same old
price, or a little higher, but the
number of men who consumed his
farm products will be reduced, or
their purchasing power decreased,
and the small farm implements men
will ultimately be pushed to the
wall. Don't blame the big men for
going where they can manufacture
cheapest when they have a free
American market. "Blame the Dem-
ocratic law. It is an unusual Dem-
ocratic tariff law which does not
work both ways to our disadvan-
tage.

Paying the Penalty For Crime.

To choose between injury by an
oncoming engine or death wounds
from the rifles of armed guards was
the question which twenty Oregon
convicts had to decide quickly yes-
terday. Their respect for the marks-
manship of their guards was indi-
cated by the fact that they took
their chances with the engine. Ac-
cording to the telegraph story they
were riding in an auto truck fol-
lowed by guards in an auto. At the
railroad crossing they saw a switch
engine was going to crash into them.
They knew if they jumped that the
guards who did not have full view
of the track would think they were
trying to escape and fire on them.

It was a moment for quick deci-
sion and everyone of the twenty
convicts stuck to the truck. The in-
cident has its pathetic side yet it must
be counted as a part of the penalty
that these men are paying because
they have in some manner been of-
fenders against the law. Evil doing
robbed them of the rights of citizen-
ship and affairs were so shamed
that for one perilous moment they
did not dare to exert even that pri-
mal right of self preservation.

—My Rosary"—Mr. Russel Pinker-
ton, Jacksonville.

Awarding Medal—Superintendent
Mr. Crahn.

Benediction.

STRAW HATS, best styles now
half price at KNOLES.

WERE ENTERTAINED

AT RIGGSTON HOME.

Mr. and Mrs. W. E. McCullough
unexpectedly entertained a large
house party Tuesday night at their
home in Riggsston, says the Win-
chester Times. A picnic in honor of
Mr. and Mrs. B. Green and family
of Sebring, Ohio, was planned for
six o'clock on the McCullough lawn,
but the hardest rain of the season
reached Riggsston just ahead of the
guests, who took refuge as soon as
possible in Mr. McCullough's hospita-
ble home. Here an excellent lunch
was served in cafeteria style to pre-
pare the picnic spirit. The social
hours which followed were most en-
joyable because of the excellent mu-
sic and lively games which contin-
ued to a late hour. The exuberant
spirits were by no means dampened
by atmospheric conditions, as
evidenced by the report of all
present—"the best time ever." The
next morning the guests motored
back to town less jauntily retired
and "tired" perhaps, but with re-
newed enthusiasm for country life.

Besides Mr. and Mrs. Green and
children Raymond, Laurence and
Elizabeth, those present were: Mr.
and Mrs. J. C. Neat, Mrs. Kate Wil-
der, Chester Neat, Mr. and Mrs. F.
H. Allen, Mr. and Mrs. R. R. Gasen,
Mr. and Mrs. F. C. Gorman and chil-
dren, Mr. and Mrs. H. H. Allen and
Miss Charlotte Caskey.

CHINA ESTEEMS UNITED STATES BEST FRIEND AMONG NATIONS

People of New Republic Hold Us in
High Regard for Peace Principles
Says the Rev. Chas. M. Eames.

Chinese look upon America as the
great peace nation and are pleased
to regard the United States and
China as the two great advocates of
peace, according to the Rev. Charles
M. Eames, whose return on a year's
leave of absence was mentioned in
the Journal of Thursday and who is
spending a few weeks in the city at
the home of his sister, Mrs. Harriet
Landers. Since America's return of
her share in the Boxer indemnity,
this nation has stood high in Chi-
nese esteem. Our sentiment for peace
and stand for the rights of neutrals
have strengthened this feeling and
the United States is looked upon as
China's best friend.

Next Wednesday night Rev. Mr.
Eames will speak at the State Street
Presbyterian mid-week service. In
an informal way he will discuss con-
ditions in China and will dwell es-
pecially upon missionary activities
and how they are conducted.

"On American missions in China
the war has had little effect, though
English and German workers have
been compelled to retire from the
field. Our funds are still available,
and though we have some trouble
in explaining Christendom's un-
Christianlike actions, we easily agree
that the whole thing is 'truly hor-
rible' and let it go at that.

Native Christian Workers.

"Eight foreign missionaries carry
on the work in Tsinling and with
them seventy native Christians are
at work. More and more are Chi-
nese students assuming duties in the
mission stations and this is as it
should be, as they form the real
foundation for permanent and effec-
tive work. Of the seventy workers,
two are ordained ministers, twenty
conduct evangelistic meetings some
fifteen sell and distribute literature
and thirty-five are teachers in our
primary and secondary schools. Preaching
and conducting of religious
service is not the sole vocation of
the missionary.

"At Tsinling we have in operation
two hospitals and carry on consid-
erable work in the schools. In some
section industrial pursuits are taught
but that is one field of instruction
we have not ourselves touched.

"In the matter of agriculture for
instance it seems to me that the
Chinese understand their own con-
ditions much better than we could.
In Szechuan the soil is not overly
rich but farmers employ a three-
crop rotation by which they raise
considerable quantities of wheat,
beans and maize."

Raising American Corn.

Mr. Eames relates how on one oc-
casion he tried to introduce Amer-
ican corn into Shantung province,
obtaining some very fine specimens
from the first year's crop. As the
Chinese grain is but little larger than
popcorn, much wonder was caused
by the long, white ears. Climatic
conditions must have been wrong,
however, for nothing was ever heard
of the numerous grain samples
handed out here and there to Chi-
nese farmers.

It is in mineral wealth that north
central China potentially excels.
Iron ore, sixty per cent pure, but a
few miles away from coal beds five-
teen feet in thickness, furnish the
groundwork for incalculable indus-
trial development. One man in
Tsinling is very wealthy from opera-
tion of a mine in one of these thick
veins. Large deposits of coal and
iron occur also in the central prov-
inces, and ample material is at hand
for an industrial China of the fu-
ture.

The Victory Over Opium.

"Not a poppy is now to be seen,"
said Mr. Eames in commenting on
China's conquest of the opium traf-
fic. The whole countryside in cer-
tain districts was one unbroken pop-
py-field when the missionary went to
China eight years ago. The edict
went forth that cultivation must
cease. The large fields disappeared.
Small patches of the poppy could
be seen for some time thereafter,
but now the raising of the plant is
absolutely taboo, and an Englishman
or an American would not be per-
mitted to raise poppy plants in a flower
pot at home.

For this Chinese way of getting
things done, praise must be extend-
ed. A saloonless American nation
would be easy of consumption
were such quick work possible here.
Chinese methods we may not wholly
admire. More than one head may
have rolled in the river sands when
some hapless opium vendor was
caught by the authorities. It is hard
to explain the moral impetus which
threw this incubus from China in
so short a time. Advice of learned
men, as Wu Ting Fang and his
predecessor Li, may have done much
in awakening the Chinese to the aw-
ful curse of the drug.

FORMER RESIDENT HERE.

Prof. W. O. Beal, a former mem-
ber of the faculty of Illinois college,
is a business visitor here, having
come to look after his residence
property on Grove street. Prof.
Beal is now an instructor at the
University of Minnesota and special-
izes in astronomy. He was always
especially interested in this branch
of science, and while he paid some
attention to it while here, the uni-
versity connection has given him the
opportunity of devoting himself en-
tirely to astronomy instruction and
research work.

Chester Wilcox of Quincy is a
guest of George Orear at the Coloni-
al Inn.

WE KNOW

Mr. and Mrs. Samuel Strauss were guests of Mr. and Mrs. Henry Greenstone yesterday. Mr. Strauss was former proprietor of the Emporium and he and his wife are on their way to Hot Springs, Ark.
Mrs. Clark Green returned Friday evening from a visit of a week with relatives in Griggsville. After a week at home she will join her husband and accompany him to the various fairs where he has his horses entered in the races. They probably will be absent about three weeks.

C. W. B. M. COMMITTEES ARE ANNOUNCED FOR COMING YEAR

List Adopted at Regular August Meeting Held Friday at Central Christian Church—Mission Band is Organized.

Standing committees for the coming year were announced Friday afternoon at the regular meeting of the C. W. B. M. at Central Christian church. Mrs. W. T. Clarkson lead the meeting and after the business session refreshments were served under direction of Mrs. Scott P. Carter, chairman of division "M".
"The Conquering Christ", a paper prepared by the president, Miss Eleanor Thompson, was read by Mrs. Clarkson, the leader, and a second paper on the study topic was presented by Mrs. Joseph B. Taylor.
Mrs. Alice A. Taylor, to the time of her death a faithful member of the society, was remembered in a special memorial service. A memorial poem by Miss Katie Clarkson and a letter from Miss Thompson were read and a solo number was given by Miss Cora Graham. Short talks were made by Mrs. W. T. Clarkson, Mrs. W. J. Fell, Mrs. J. R. Watt, Mrs. G. H. Harney and Mrs. Mildred E. Powell.
The Junior Endeavor society has disbanded and to take its place a mission band was organized, to hold meetings once each month. Mrs. Pyatt will be superintendent and her assistants will be Mrs. George C. Peck, Miss Lois Hayden, Mrs. David Cummings, Mrs. Samuel C. Hunt and Miss Frances Grassy.
The executive committee consists of the society officers and the program committee, the same persons, with Mrs. W. T. Clarkson and Mrs. Scott P. Carter. The other committees follow:
Membership—Mrs. M. L. Pontius, chairman; Mrs. Walter Schrag, Mrs. J. G. Strawn and Mrs. W. J. Fell.
Visiting—Mrs. Mildred E. Powell, chairman; Mrs. Ernest Schell, Mrs. G. H. Harney, Mrs. McCarty and Mrs. Drusilla Ferguson.
Social—Mrs. T. S. Martin, Mrs. E. H. Caldwell, Mrs. Arthur Cobb and Mrs. W. L. Simpson.
Tithing—Mrs. J. R. Watt, Miss Lydia DePew and Mrs. Joseph Bourn.
Literature and library—Miss Huff, Mrs. C. C. Patchen and Miss Franklin.
Local missionary—Mrs. C. L. Hayden, Mrs. U. J. Hale, Mrs. Geo. T. Douglas and Mrs. Nannie R. Lings.
Reception—Mrs. Litter, Mrs. Clarence Rice, Mrs. C. M. Hopper and Mrs. C. L. Mathis.
STRAW HATS, best styles now half price at KNOLES.

BOY SCOUTS OF WINCHESTER RETURN FROM CAMP TRIP

Great Time Reported by Lads Who Enjoyed the Surroundings of Iron Mountain, Mo.—Other Winchester Notes

The Boy Scouts of Winchester have returned home after a camp life since July 26, spent near Iron Mountain, Mo. The Scouts were organized two years ago by Rev. E. H. Toomey, who is deserving of much praise for his interest in the welfare of the boys. This was the second of the boys. The lake by which they camped contains 300 acres and is surrounded by the mountains, the surroundings being as good there as any place in the Ozarks. On one day the boys took a hike to Pilot Knob which is six miles from camp and they returned with great glee over their trip.

Giving House Party.
Miss June Coultas is giving a house party at her home in the country. She has as her guests Miss Gretchen Hossommer of Reese, Ill., Misses Ruth Priest, Ruth Reeder, Margaret Coultas and Caroline Coultas.

To Start "Movies."
L. F. Marden and Dale Owings, clerks in Hainsfurther Bros. store have resigned their positions and expect to leave at once for Robinson, Ill., where they have purchased a moving picture show. The young men are well known in Winchester, and will be greatly missed by their friends, who will wish them success in their new work.

Personal Mention.
Miss May Leonard has returned to her home in Bluff Springs after a visit with Miss Freida Munze. Miss Munze accompanied her home as far as Concord.
Mr. and Mrs. Oscar Kuechler returned to Jacksonville today after a visit with Mr. and Mrs. William Kuechler.

Miss Caroline Coultas gave a sewing Friday afternoon, the hours being from 3 to 6. Dainty refreshments were served.
Miss Mary Woodall is expected home today from Dr. Prince's sanitarium, Springfield, where she has been for several days.

Mrs. Roy Butterfield and children of Moline are visiting at the homes of Carl Miller, Charles Mader and William Balsey.
Earl Nelson is still improving, although he is still confined to his bed.

Eat Claus' JUMBO Peanuts.

THE NEELEYVILLE PICNIC.
Songs and recitations by the school children, speaking in German and in English, and a number of races and contests were attractions at the Lutheran church picnic Thursday at Neeleyville. Salem Lutheran church, Jacksonville, was well represented in the crowds which made the event a success. The Rev. J. G. Kuppler gave the English address and the Rev. H. G. Schwagmeyer spoke in German. Music was furnished by the Merritt band throughout the day.

The committee consisted of Louis Nortrup, J. H. Vortman, Edward Mayer and William Hafenkamp. Fifty gallons of cream were sold and 80 gallons of soup.

51 SHIRTS NOW 80c. KNOLES.

MOTHER OF DROWNED MAN.
Coroner Wright has received a letter from Mrs. Alice Mosier of Stony Island avenue, Chicago, stating that she is the mother of the late Harry Mosier whose body was found in the Illinois river and wanted information about her son.

SMOKE THE ELITE. A 10c CIGAR FOR 5c. IT HAS NO EQUAL.

MONEY When You Need It

That's the time you want it. Anybody will give you MONEY when you don't need it; BUT—when you need it, watch these friends fade away. THAT'S NOT OUR STYLE—we take the place of these fickle, would-be friends and LOAN YOU the MONEY at the right time, WHEN YOU NEED IT. You don't have to leave any security with us either; if you are a householder, that is guarantee enough for us that you will pay.
Come in and tell us how much you want. We LOAN any amount from \$10.00 up. Most liberal terms of repayment allowed. Let us tell you all about it. Come any time.
Write or phone 449 Ill. and we will call and explain our long time easy payment plan.

THE JOHNSTON AGENCY

ENGINEER DIES AT THROTTLE

Columbus, O., Aug. 6.—When a Big Four passenger train speeded through Georgesville near here today, without stopping as usual, the fireman pulled the coat of Engineer William Quinlan to attract his attention. The engineer was dead, though he sat erect with his hand on the throttle.

AUSTRIAN EMPEROR ILL.

London, Aug. 6.—The Exchange Telegraph company's Amsterdam

correspondent says that a telegram received from Vienna reports that Emperor Francis Joseph has had a severe chill and is confined to his bed in the Schoenbrunn Castle.

BANKER KILLED BY TRAIN.

Stenboville, O., Aug. 6.—Dohrman J. Sinclair, aged 59, millionaire banker of this city, was struck and instantly killed by a Cleveland and Pittsburgh railroad train here tonight.

Read the Journal: 10c a week.

Corn on the Cob

—the Roasting Ear

Is not More Delicious than the

New

Post Toasties

In the growth of corn there is a period when the kernels are plumped out with a vegetable milk most nutritious (roasting ears). As it slowly ripens this hardens and finally becomes almost flinty.

This nutritious part of the corn is cooked, seasoned, rolled thin, and toasted by a new process which enhances the true corn flavor.

Different from ordinary corn flakes, the New Post Toasties have a distinctive form and flavor and they keep their appetizing crispness, even after cream or milk is added.

These Superior Corn Flakes come oven-fresh in tight wax-sealed packages; and they cost no more than ordinary "corn flakes." Insist upon having

New Post Toasties

UNION MINERS REFUSE TO ACCEPT EMPLOYMENT IN NON-UNION MINES

COLUMBUS, O., Aug. 6.—One hundred union coal miners of Holister, Athens county, Ohio, although idle and dependent on charity, refused to accept employment in nonunion mines in Kentucky according to W. P. Lear, representing a coal company of Stone, Ky., who returned here tonight from the Hocking valley district. "They declined to take employment when told they would not be permitted to form a union," he said. "We even offered to pay transportation of the men and their families and to pay wages of \$3 a day."

URGES ADOPTION OF SWISS SYSTEM OF MILITARY PREPAREDNESS FOR U.S.

PORTLAND, Me., Aug. 6.—The adoption of the Swiss system of military preparedness for the United States was urged by Rear Admiral Robert E. Peary in an address here today. He supported President Wilson's idea of a citizen soldiery as expressed in a message to congress last December. "We need also aeroplanes, submarines and battle cruisers of the largest, swiftest and heaviest armed type," said Admiral Peary. "Some feel we should be prepared only for defense. There is no defense so effective as a vigorous offensive."

TWO NEGROES ARE HANGED IN PUBLIC; MANY WOMEN IN CROWD

STARKVILLE, Miss., Aug. 6.—Peter Bolen and Jim Seales, negroes convicted of killing another negro, were hanged in public here today, the gallows being built in a natural amphitheater which afforded the crowd of several thousand persons unobstructed view of the hangings. At the request of the doomed men the crowd sang the hymn, "There is a Land of Pure Delight" just before the traps were sprung. Soft drinks and candy vendors sold their wares among the crowd while it waited for the executions. Many women were among the spectators.

ENCAMPMENT OF NATIONAL GUARD AT CAMP LINCOLN OPENS TODAY

SPRINGFIELD, Ill., Aug. 6.—The three weeks encampment of the Illinois national guard at Camp Lincoln, this city, opens tomorrow with the coming of the Eighth (colored) regiment under command of Colonel F. A. Denison of Chicago. The Fourth regiment goes into camp August 14th and the Fifth, August 22. Northern Illinois regiments this year spent their week's tour of duty at Camp Dixon, with the exception of the First regiment which participated in Illinois day exercises at the Panama-Pacific exposition.

CHARGE USING MAIL

New York, Aug. 6.—Philip C. Wadsworth of Texas City, Tex., was arrested at a brokerage office here today, charged with using the mails in a scheme to defraud. Wadsworth in April, 1912, promoted the sale of the stock of the Cotton Growers' Cooperative society of Alabama, a \$50,000,000 corporation. He was arrested on an indictment returned by a federal grand jury at Atlanta, Ga.

WILL RETURN NO INDICTMENTS THIS WEEK

Chicago, Aug. 6.—No indictments against those held responsible for the steamer Eastland disaster will be returned until next week. Both the federal and state grand juries investigating the Eastland accident have adjourned until next Tuesday. Secretary of Commerce Redfield having adjourned his inquiry into the cause of the accident left today for Pittsfield, Mass., to complete his interrupted vacation.

LOSE HOPE OF CAPTURING NEGRO

Kansas City, Mo., Aug. 6.—Hope of capturing the negro who yesterday attacked Mrs. Henry Stafford, wife of a young farmer in her home near Liberty, Mo., was lost tonight by the posse of several hundred men who had trailed the negro over the wooded hills of Clay county for more than twenty four hours.

GET TWENTY YEARS EACH.

Iowa City, Ia., Aug. 6.—W. R. Smith and W. C. Loomis were sentenced to twenty years each in the penitentiary here today for the robbery of the Farmers' Savings Bank at North Liberty on July 16. They entered pleas of guilty to the charge and waived the three day's time the law allows them before sentence is passed.

WELLING SHADES WOLGAST.

Duluth, Minn., Aug. 6.—Joe Welling of Chicago earned a shade over Ad Wolgast in a ten round no decision fight at the opening boxing tournament given by the Duluth Athletic club at the Orpheum Theatre here tonight.

FIGHT TO A DRAW.

New York, Aug. 6.—Battling Levinsky, the local heavyweight and Colin Bell of Australia, fought ten fast rounds to a draw in their bout at Far Rockaway tonight.

SEIZE AMERICAN STEAMERS.

Malmö, Sweden, Aug. 6, via London.—The American steamers Llana and Wico, bound from America to Stockholm, laden with petroleum, have been seized by the Germans and taken into Swinemünde.

Chicago, Aug. 6.—The defense closed its case today in the trial of former Detective Sergeant William Egan and Walter O'Brien, charged with accepting bribes for the protection of criminals. The state then called a number of witnesses in rebuttal.

AGREE ON GENERAL FORM OF APPEAL

(Continued from page one.)

of Mexico, indicated that this view was given weight especially by the three ambassadors of the A. B. C. powers, who dealt with this subject at the Niagara Falls conference last summer.

Like the General Plan.
No official announcement was made of the proceeding today and the participants declined to discuss details of their deliberations. Some, however, had no hesitancy in saying that there had been progress and that they liked the general plan of the American government.

In the conference today were Secretary Lansing, Paul Miller, President Wilson's unofficial advisor in Mexican affairs, and the diplomatic representatives of Argentina, Brazil, Chile, Bolivia, Uruguay and Guatemala.

At the conclusion of a session lasting three hours, Secretary Lansing said there was nothing to be announced except that the conference will be continued in New York. He will notify the diplomats when he is ready. New York he said was selected for the conveniences of the diplomats, many of whom have summer homes near there.

No Change in First Plan.
There was no change in the first plan to send a note to the factions, especially General Carranza, to demand for the sake of the millions of noncombatants that they form a new government that can be recognized and supported by the American nations and the world.

An alternative proposal the selection of a strong man for president whom a majority of the people would support.

That the plan might necessitate an embargo on munitions of war is probable.

Rumors that a breach had occurred over personalities were denied emphatically and it was said the discussion had not yet reached the stage where the presidency was being considered.

Questions of international law, various provisions of the Mexican constitution and the probability that many of Carranza's adherents might not follow him in defiance of a genuine Pan-Mexican effort to restore peace and government in their country, are to be studied carefully before the final program is determined.

Rev. T. S. Simons and son, Rogers of Vevay, Indiana, are visiting at the home of Mr. and Mrs. Walter B. Rogers on West North street. Mrs. Simons and other members of the family are guests of relatives in Waverly.

Eat Claus' JUMBO Peanuts.

JURY EXONERATES MISS BITNER

Chicago, Aug. 6.—Miss Margaret Bittner was exonerated by the coroner's jury today at the conclusion of the inquest over the bodies of George H. Jones, the Maywood garage owner who shot and killed his wife, his wife's brother and sister, John E. Costgrove and Miss Catherine Costgrove and then committed suicide. Testimony at the inquest showed the tragedy was the outcome of a love affair between Jones and Miss Bittner.

Eat Claus' JUMBO Peanuts.

PACKERS RENEW PROTEST.

Washington, Aug. 6.—Representatives of American packers renewed their protests to the state department today against British interference with their trade with neutral European countries. They asked that representations be made in the forthcoming rejoinder to recent British notes on neutral rights which would establish and maintain their right to engage in this business.

BIDS FOR HEATING SYSTEM.

Sealed bids will be received by the clerk of the board of education at the city clerk's office up to 12 o'clock, noon, Tuesday, Aug. 10, for the installation of a heating system in the Franklin school building. Plans and specifications may be seen at the office of J. K. C. Pierson, architect in the Ayers National bank building after Wednesday, Aug. 4. The board reserves the right to reject any or all bids.
R. L. Pyatt, Clerk of the Board of Education.

RICKMAN HOTEL STAKE GOES TO SADIE S.

COMES IN STRONG AFTER FIRST HEAT.

Three Events Are Run Off on Muddy Track at Kalamazoo—Three Year Old Trot is Easy for Colorado Range.

Kalamazoo, Mich., Aug. 6.—Although the track was muddy from the rains which had caused three postponements of the Grand Circuit races here this week, three events were run off this afternoon.

One of these, the 3 year old trot, was easy for Colorado Range, who won a similar race in Detroit last week but the other two were well contested, the winners finishing in a close drive, majority of the heats. Lettie Lee, who was considered the pick of the field in the 2:11 trot proved a disappointment and never was better than third. Sadie S., finished sixth in the first heat, came strong and took the next three.

Flaxy B. won the 2:11 pace, three heats out of four. She was fifth in the second heat.

The 2:12 trot for 3 years olds was a procession so far as the result was concerned, the five starters finishing each heat in the same order.

Summaries.

2:12 trot, Columbia Hotel purse, \$600 added, 2 in 3:
Colorado Range (McDonald) 1 1
Rusticcat (Andrews) 2 2
Deroche (Geers) 3 3

Best time 2:12 1-4.

2:11 trot, Rickman Hotel, purse \$2,000, 3 in 5:
Sadie S. (Murphy) 6 1 1 1
Todd Temple (Snow) 1 7 6 5
Laramie Lad (McDonald) 2 6 2 2

Best time 2:11 1-4.

2:11 pace, 3 in 5, purse \$1,000:
Flaxy B. (Snow) 1 5 1 1
Budd Elliott (Geers) 2 1 5 5
Clara Walker (Cox) 4 2 3 3

Best time 2:11 3-4.

Great Western Races.

Peoria, Ill., Aug. 6.—Prince Ver-ton, driven by Taylor of Sedalia, Mo., took three straight heats in the 2:12 pace at the Great Western races here today. Baron Watts driven by Anderson of Memphis, Tenn., took three straight heats in the 2:15 pace. Italian Aubrey, driven by Thomas, won the 2:16 trot in straight heats. Five races will be run tomorrow, the last day of the races.

Results:

2:12 pace, purse \$600.

Prince Ver-ton, b. s., by Alverton (Taylor), first; Dad Mix, b. g., by Robert Mix (Shuck, second; Dicto, b. g., by Dictatus (De Ryder) third.

Best time, 2:09 1-4.

2:15 pace, purse \$1,000:

Baron Watts, c. g., by Watts (Anderson), first; Willis Woodland, b. h., by Woodland Boy (Merrill) second; Bessie R., br. m., by Sentell (Millman) third.

Best time, 2:07 1-2.

2:16 trot, purse \$1,000:

Italian Aubrey, b. h., by Captain Aubrey (Thomas), first; Baron Bates, br. s., by Baron Walks (Chandler), second; Proof, br. s., by Expedient (Donahue), third.

Best time, 2:10 1-4.

Free for all pace, purse \$700:

Walter Cochato, blk. h., by Cochato (Hersey), first; Don Densmore, b. s., by Packitos (Thomas), second; Little Prince, b. h., by Muscovite (Bond) third.

Best time, 2:04 3-4.

GOVERNMENT FACTS ABOUT CRIMSON CLOVER SEED

Supply is Larger Than in Previous Years but Quality is Poor—Some Records of Products.

Washington, D. C., Aug. 6.—There is apparently a larger supply of crimson clover seed on hand at the present time than in any previous year and much of it is poor quality, according to specialists of the U. S. Department of Agriculture. While this would indicate that the price should be normal or less than normal it is rapidly advancing.

The greater part of the crimson clover seed sowed in the United States is normally imported from France and Austria. In the fall of 1914 conditions of trade with Europe were such that there appeared to be danger of a short supply of seed for this summer's planting. The desire of the seed trade to secure as much seed as possible together with the improvement in trade facilities with France during the winter and spring resulted in the importation of 12,000,000 pounds during the year ending June 30, 1915 as compared with 7,500,000 pounds the year previous and 1,500,000 pounds in 1910.

Crimson Clover Seed Imported into the United States.

Fiscal Year	Pounds.
1910	1,552,000
1911	3,529,000
1912	3,406,000
1913	5,376,000
1914	7,524,000
1915	12,000,000

During May and June much seed of poor quality has been imported, more than 1,000,000 pounds made up of several lots, germinating from 29 per cent to 62 per cent. Farmers should therefore be sure of the quality of the seed they buy. Crimson clover seed of a bright yellow color usually indicates good germination. All lots containing brown or brownish seeds should be carefully tested for germination to determine the proportion that may be expected to grow in the field under favorable conditions and the rate of seeding should be adjusted accordingly.

ADVERTISED LETTERS.

The following letters remain unclaimed in the post office at Jacksonville, Illinois for the week ending August 2, 1915.

Andrus, Mrs.
Aumus, Wm.
Field, H. O.
Lindsay, Mrs. F. C.
McKenny, Samuel
Martin, Mrs. C. A.
Myers, John.
Myers, John A.
Oliver, Miss Hazel.
Perry, C. L.
Smith, Robert.
Stephens, Franke.
Stewart, David.

Parties calling for these letters will please say "advertised", give date of list, and pay one cent each postage due.

Ralph J. Dunlap,
Postmaster.

HAVE GONE ON VACATION.

Miss Harriet Andre and Miss Emma Doying left yesterday for St. Louis where they will take the boat for a river trip to St. Paul and Minneapolis. They expect to be absent about ten days.

Mrs. C. B. Jensen of Roodhouse was a shopper in the city Friday.

EDUCATION OUTSIDE OF SCHOOLS.

The educational significance of other than school agencies is emphasized in a current survey of educational progress just issued by the U. S. Bureau of Education.

"Libraries, museums, and art galleries are unlocking their treasures, and seeking to establish a very direct relation to organized school work", declares W. Carson Ryan, Jr., editor of the Bureau. Numerous other agencies and organizations are doing a work whose direct educational influence must in the aggregate be enormous. There are the 300 educational associations, many of them, like the National Education Association and its branches, doing direct work in the professional education of teachers and school superintendents; others, like the National Society for the Promotion of Industrial Education, carrying on a propaganda for education among the general public; and still others, like the Public Education Associations of New York and Philadelphia, investigating city conditions and stimulating an interest in education among the people of the local community. Organizations like the Russell Sage Foundation, the New York Bureau of Municipal Research, the Carnegie Education Board, have brought into the work of education the welcome influence of an impersonal, scientific judgment. No record of the year in education would be complete that did not pay tribute to the work these organizations and others of the kind are doing.

"Colleges, universities, and normal schools are going far beyond their own walls in carrying education to the local communities. Nearly half the colleges in the United States did extension work last year. The Federal Government itself is realizing, as never before, the desirability of a wide distribution of the scientific information it has collected at large expense of time and money, and many of the bulletins and circulars issued by the Government are now affecting directly the everyday procedure of education. The Boys' and Girls' Club work in the department of agriculture and the circular letters service of the Bureau of Education illustrate two different types of the information service of the Federal Government, both of recent development. In the two years ending June 30, 1914, the Bureau of Education issued 112 numbers of its bulletin, representing about a million separate copies, and covering nearly every phase of educational endeavor for the direct use of school officials.

A host of other organizations making no claim to a place in the formal school system are nevertheless doing active work of a directly educational nature. The Boy Scouts, the Girl Scouts, the Camp Fire Girls, women's clubs, parent-teachers associations, musical societies, are centers; these are doing a work whose educational importance is only beginning to be apprehended. The influence of the fraternal organizations is directly educative. The whole vast field of religious instruction in churches and Sunday schools represents an educational problem that is seldom viewed as such because of the larger spiritual issues that are felt to be involved, and because of the traditional separation of church and state in America. Chautauques, farmers' institutes, lecture courses, Grange, Young Men's Christian Associations and Young Women's Christian Association, social settlements, summer camps, the periodical and newspaper press—these are as truly educational agencies as the schools."

BIDS FOR COAL.

Sealed bids will be received by the clerk of the Board of Education up to 12 o'clock, noon, Tuesday, Aug. 10, for furnishing coal for the public schools for the ensuing year. Bids will be received on mine run three inch lump and Nos. 4 and 5 mixed washed screenings. The board reserves the right to reject any or all bids.

R. L. Pyatt, Clerk of the Board of Education.

Mr. and Mrs. Elmer E. Henderson and children and Mr. and Mrs. Ralph E. Crabtree and children expect to go Sunday morning to Lake Matanzas for a week's stay in the Douglas cottage which is known as the "Cove."

SPECIAL TAX NOTICE.

Notice is hereby given, to all persons interested, that the City Council of the City of Jacksonville, Illinois, having ordered the improvement of the roadway of South Main street in said city from the center line of Morton avenue, where the same intersects said South Main street, thence south to the center line of Michigan avenue in said city, the ordinance for the same being on file in the office of the city clerk of said city, and said city having applied to the County Court of Morgan county, Illinois, for the confirmation of the assessment of the cost of said improvement, and an assessment therefor having been made and returned to said court; the final hearing thereon will be had on the 18th day of August, A. D., 1915, at 10 o'clock a. m., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said date and may appear on the hearing and make their defense.

It is further provided by the ordinance that said assessment shall be collected in ten (10) annual installments, with interest at the rate of five per cent per annum, as provided by law.

Dated at Jacksonville, Illinois, this 2d day of August, A. D., 1915.

Walter B. Rogers,
Commissioner appointed to make assessments.

EVIDENCE OF GRAFT IN DENTAL BOARD PRESENTED

Well Substantiated Charges Are Said to Involve Two Members—Evidence in Governor Dunne's Hands

Wholesale charges of graft are made in a report laid before Governor Dunne by Chairman Burdette of the state civil service commission, and involving two members of the state board of dental examiners—Dr. B. A. Smith of Champaign and Dr. N. W. Cox of Cairo. Twenty or more separate and distinct alleged instances of "graft" are dealt with in the report, which indicates that candidates for state licenses were passed or refused certificates according to the amount of money they were willing to give up.

The following facts about the alleged irregularities are from the State Register:

Both accused members of the board appeared before Governor Dunne in answer to the charges. They denied their guilt but the governor declared that the evidence against them was so strong that he would be warranted in summarily removing them from office unless they are able to show cause by today why such action should not be taken.

The case of Dr. L. A. Brazelton, of Naperville, is only one instance of alleged graft in the board and it is given as an illustration of the score of charges preferred against the two members. According to Dr. Brazelton's affidavit he took an examination in Chicago in June of this year, conducted by the dental board. The following day, he says, he went to the Sherman hotel and met Chas. F. O'Connor, of Chicago, a member of the board. He asked O'Connor if he passed and the latter told him to come back later and he would let him know.

Brazelton declares he came back at the appointed time and met Dr. Smith, Smith, he says, told him he was all right except on one thing. "We then went into the bar and later to Dr. Smith's room," Brazelton says. "Dr. Smith then showed me that I had secured a grade of 89 on prosthetics and said that he could raise the figures to 79."

"I told him," the report credits Dr. Brazelton with replying, "I wish you would."

According to the statement of Brazelton Dr. Smith asked him what it would be worth to have the grading thus raised. Smith asked for \$150 and finally agreed to take \$50. This was to be paid by check dated "Aug. 5, 1915," the money to be on deposit in the Downers Grove bank by that date.

After the check was made out and signed, Brazelton says, the figures on his examination papers were changed.

Dr. Smith then is reported as having taken a personal card from his pocket and to have written across the back of it the notation "8-15-15-\$50" and gave it to Brazelton so that he would not forget to have the money at the bank when the check was presented.

On July 22, last, Dr. Brazelton wrote Dr. Smith stating that he had lost the card and had forgotten what bank the money was to be deposited in. Smith replied, it is said, directing Brazelton to mail a draft and that it would then not be necessary to deposit the money.

The card given Brazelton by Dr. Smith last June as well as the above mentioned letter are now in the hands of the governor as a part of the evidence against the accused men.

AVOID ACCIDENTS.

(From Wallace's Farmer.)

With the opening of the silo filling season, there will be frequent reports of serious and fatal accidents. The manufacturers of silage cutters have greatly improved their construction in recent years, and most accidents nowadays are the result of carelessness; practically all of them can be avoided by the exercise of reasonable care. In addition to the exercise of common sense at the feeding end of the machine, here are some things that, according to W. E. Markey, of the University agricultural experiment station, the inexperienced man should do:

1. Be sure that the machine is being run at the proper speed.
2. Take care that corn is never put into the machine until the motion is up to full speed.
3. In stopping, be careful not to shut off the power until the elevator is empty. If the elevator is not empty, the cut material will fall back and lodge in the fans. Then when the machine is started again, the cut corn jams the fans, and as a result they are bent or broken.

COMMISSIONER GASH COMING.

Hon. A. D. Gash, president of the Illinois State Highway Commission, is one of the men in charge of the development of Illinois highways—dirt roads, bridges and hard roads. He is a finished speaker, a lecturer of wide reputation and delights his audiences with his practical addresses so entertainingly delivered.

Mr. Gash is to speak at the chautauqua on: Better Highways, Wednesday afternoon, Aug. 25. This address will be just after the big auto parade on Good Roads Day.

COACH HARMON RETURNS.

Coach Harmon who has been in Minneapolis and Chicago for the past month has returned home.

ZION NEIGHBORHOOD.

Mrs. Martha Bracewell spent Sunday afternoon with her son, Norris Bracewell and family.

Those who took Sunday dinner with Mr. and Mrs. Norris Bracewell were Mr. and Mrs. J. B. Hough, Mr. and Mrs. Oliver Wilson and daughter, Mina.

Miss Ruth Fanning and Clinton Stromatt spent Saturday night with Mr. and Mrs. Norris Bracewell.

Miss Grace Gibson of near Jacksonville is the guest of her cousin, Ivalon Gibson this week.

Mr. and Mrs. J. W. Gunn entertained a number of guests at their home Tuesday night. Those present were Misses Geneva Sheppard, Lyndall Rea and Grace Gibson, Messrs. Bryan and Julian Sheppard.

Zion was well represented at the Nortonville picnic Wednesday. There was a large crowd present considering the inclemency of the weather.

Mr. and Mrs. Chas. Stromatt of near Wrightsville are visiting home folks and attended the Nortonville picnic.

Miss Erma Kepler of Jacksonville came Tuesday for a visit with her friend, Miss Virgil Sheppard.

Ray Bracewell of Jacksonville was calling on his cousin, Norris Bracewell and family Thursday morning.

The Ladies' Aid society of Zion M. E. church held a business meeting at the church Tuesday afternoon, to arrange for their annual Burgoon Picnic to be held August 21.

TRIAL FAILED TO MATERIALIZE.

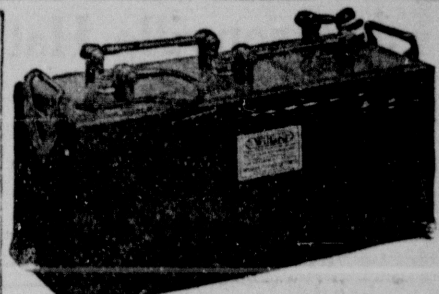

Friday afternoon the trial of John Bridges charged with assault and battery was set for hearing before Justice Henderson. Bridges is from Waverly and was arrested on a warrant sworn out by Ira Hamm, charging that Bridges assaulted his father, George Hamm. A number of Waverly people had been summoned and were present for the trial. The prosecuting witness, however, failed to appear and the court dismissed the case.

All of the parties concerned are from Waverly. So far as can be ascertained George Hamm went to Bridges house and when told to leave failed to do so and Bridges assisted him off the place. George Hamm has been a patient at Jacksonville State Hospital and last Saturday, Judge William E. Thomson issued a warrant for him. Deputy Sheriff Andrews went to Waverly but was unable to locate Hamm. It is probable that he has again become mentally unbalanced.

HAVE LEASED FARM.

Mr. and Mrs. Camp Forester of Dixon, Lee county, are guests at the home of her parents, Mr. and Mrs. John Lyons, 118 East Chambers street. Mr. and Mrs. Forester will return to their home in a few days and will be accompanied by Mr. Lyons for a brief visit at the termination of which both families will move to a farm of 350 acres in the vicinity of Monticello, Piatt county, which they have under lease and will be given possession of the first of September.

E. J. Duckett of Chapin was a visitor in the city Friday.

We carry full line of repairs for all kinds of batteries, and are prepared to repair and charge all makes. Satisfaction guaranteed.

PIERCE HAS BETTER OF RUDOLPH IN DUEL

CUB TWIRLER ADMINISTERS A SHUTOUT TO BRAVES.

Allows Champions only Three Hits and Only One Man Reaches Third Base—Chicago Gathers Five Hits Off Rudolph.

Chicago, Aug. 6.—Pierce shut out Boston two to nothing today in a pitchers' duel with Rudolph, Chicago making it two straight from the champions. Pierce, although generous with his passes, pitched air tight ball in the pinches. Only three scattered hits were made off him and only one man reached third base. Chicago gathered five hits off Rudolph. One in the second, followed by an infield out and a wild pitch scored a run and two more in the third inning scored another tally. Wilbur Good was credited with three of the locals' hits.

Cincinnati, 3; New York, 2.
Cincinnati, Aug. 6.—Cincinnati took the third game of the series from New York today 3 to 2 in a ninth inning rally. New York scored one in the fourth and tied the score in the sixth on a double, a single and a sacrifice fly. In the ninth Griffith doubled, going to third on Wingo's sacrifice, Wingo being safe on Perritt's error. Perritt purposely passed Williams, filling the bases. Clark was sent to bat for Mollwitz and singled to left, scoring Griffith with the winning run.

Cincinnati..... 002 000 001—3 9 0
Perritt and Dooin; Toney and Wingo.

Philadelphia, 5; Pittsburgh, 4.
Pittsburgh, Aug. 6.—Pittsburgh lost a Philadelphia today 5 to 4. McGuillen was hit freely and had to give way to Kanteleher. The home team failed to get a hit until the sixth inning when two singles and a base on balls resulted in two runs. In the ninth the locals rallied and had two runs in and one needed to tie when Mayer relieved Demaree and stopped further scoring.

BUFFALO WINS FIRST GAME OF SERIES FROM PITTSBURGH

Schulz Holds Pittsford Hitless for Eight Innings and Their Only Hit is a Two Bagger by O'Connor in the Ninth.

Buffalo, Aug. 6.—Buffalo won the first game of the series from Pittsburgh today 4 to 0. Schulz held the visitors hitless for eight innings. Their only hit, in the ninth inning was made by O'Connor who drove a two bagger over first base.

Score: R. H. E.
Buffalo..... 000 110 02x—4 10 0
Pittsburgh..... 000 000 000—0 1 4
Batteries—Schulz and Allen; Knetzer and O'Connor.
St. Louis, 5; Baltimore, 1.
Baltimore, Aug. 6.—St. Louis won today's game 5 to 1. Suggs started out for Baltimore but was relieved in the third. Bailey was also touched up rather lively and Crandall twirled good ball throughout, the majority of Baltimore's hits coming with two out. Chapman's homer was a long drive over the left field fence.

Score: R. H. E.
St. Louis..... 010 102 000—5 13 2
Baltimore..... 000 000 100—1 6 2
Batteries—Crandall and Chapman; Suggs, Bailey, Leclair and Owens, Russell.

Pittsburgh lost to Philadelphia Friday by a score of 5 to 4. The Phillies hit McGuillen freely while Dearee held Pittsburgh without a hit until the sixth. Then the Pirates made two runs and again in ninth they started a rally and were with in one of tying when Mayer relieved Dearee and stopped further scoring.

JENNINGS TRYING TO BUY PLAYERS.

Philadelphia, Aug. 6.—Manager Jennings of the Detroit Americans, it was learned today, has made an offer to Manager Rickey of the St. Louis Americans for either Pitcher James or Pitcher Hamilton.
Jennings also is after Ayres, of the Washington club, and expects to make an offer for him when he reaches the national capital Saturday night.

SENATORS TAKE DOUBLE HEADER FROM CHICAGO

WIN FOURTH STRAIGHT GAME FROM SOX.

Johnson Blanks Visitors in the Opening Until the Eighth When They Score Six Runs—Senators Duplicate the performance in Their Half—Second Game is a Free Hitting Contest.

Washington, Aug. 6.—Washington won its fourth consecutive game from Chicago today, taking both ends of a double header, 8 to 6 and 6 to 3. Johnson blanked the visitors in the opening until the eighth when six hits, a pass and two errors resulted in six runs. Washington duplicated this performance in its half, pounding Wolffgang and Faber for six hits, which together with Eddie Collins' error, netted six runs and brought Washington to a free hitting contest in which Ayres outpitched Russell. USE SENSE IN EATING.

A Person May Be Fat and Still Lack Proper Nourishment.

The majority of people do not understand that a person may be fat, excessively fat, and still be underfed and weak from lack of proper nourishment.

One may eat to excess of starch foods, hot breads, oils and sweets and as a result be rolling in fat and at the same time show a severe case of malnutrition, evidenced by lack of strength in muscular effort or mental concentration.

The system needs these foods, for they are known as the "fuel foods" because they furnish the body heat, but the system also needs an abundance of the very elements of which the body or, rather, the muscular fiber is composed. These muscle making foods are fresh meat, eggs and milk, fresh vegetables and fruits.

If one is in the habit of eating rather heartily of mixed diet and is growing fat upon it, then reduce the amount of sweets, starches and fats, and you will find plenty of nourishment in the muscle building foods.

In addition to attention to diet, however, attention must be paid to the need of fresh air and exercise. If one would keep from becoming too fat. If you would have a good figure practice deep breathing and exercise in addition to cutting down on your diet.

The greatest problem of conservation relates not to forests or mines, but to national vitality, and to conserve the latter we must begin by conserving the child.—Detroit Times.

"MORNING GLANCES" (By Gosh)

Rudolph and Pierce engaged in a pitchers' battle Friday and the Cub twirler came out on top beating the champions by a score of 2 to 0. The Braves were able to get but three hits off of Pierce while the Cubs made five off of Rudolph. Rudolph was responsible for one of Chicago's runs when he turned loose a wild pitch with a man on third allowing a score to come over.

Good got three of Chicago's five hits and scored one of their runs. Fitzpatrick, Egan and Magee got the three hits for the Braves, Fitzpatrick's being a double.
Poor White Sox. Yesterday they slipped further down in the percentage column when they lost a double header to Washington. The Sox should have won the first game but the final result shows the uncertainty of baseball. With the score 2 to 0 against them in the eighth the Sox jumped on Walter Joanson and pounded out six runs, making the score 6 to 2 in their favor. Washington came right back, however, and scored six runs in her half and won the game 8 to 6. In the second game both teams hit the ball hard but Ayres pitched steeper ball than did Russell and Washington won by a score of 6 to 3.

Eddie Collins surely is playing in hard luck recently. Collins doesn't make many errors in the course of a season but the ones he has made recently have been costly to the Sox. Yesterday he made Chicago's only error but it cost them the first game.

We may not know much about managing a ball club but that winning combination Rowland had when he was going so well looked mighty good to us. Roth, Felch and J. Collins is playing now but Roth and J. Collins are not in the game. Jack Fournier also has fallen down in his batting and did not get a safety in the first game.

Buffalo beat Pittsburgh in the Federal yesterday by a score of 4 to 0. Schulz held the Pirates to one hit that being made by O'Connor in the ninth inning.

Cincinnati again dashed the pennant hopes of the Giants to earth. The Reds have been doing this trick frequently of late. Yesterday they beat the Giants in the ninth inning when Clark batting for Mollwitz sent Griffith over with the winning run with a single.

ELUSIVE LIGHTNING.

One of Nature's Greatest and Most Effective Dramatic Actors.

During a thunder storm we get an inkling of how fearfully and wonderfully the universe in which we live is made and what energy and activity its apparent passivity and opacity mark. A flash of lightning out of a storm cloud seems instantly to transform the whole passive universe into a terrible living power.

If we were to see and hear it for the first time, would we not think that the judgment day had really come? That the great seals of the book of fate were being broken?

What an awakening it is! What a revelation! What a fearfully dramatic actor suddenly leaps upon the stage! Had we been permitted to look behind the scenes, we could not have found him; he was not there, except, potentially; he was born and equipped in a twinkling. One stride, and one word which shakes the house, and he is gone; gone as quickly as he came. Look behind the curtain and he is not there. He has vanished more completely than any stage ghost ever vanished—he has withdrawn into the innermost recesses of the atomic structure of matter, and is diffused through the clouds, to be called back again, as the elemental drama proceeds, as suddenly as before.

All matter is charged with electricity, either actual or potential; the sun is hot with it, and doubtless our own heartbeats, our own thinking brains, are intimately related to it; yet it is palpable and visible only in this sudden and extraordinary way. It defies our analysis, it defies our definitions; it is inscrutable and imponderable, yet it will do our errands, light our houses, cook our dinners and pull our loads.

How humdrum and constant and prosaic the other forces—gravity, cohesion, chemical affinity and capillary attraction—seem when compared with this force of forces, electricity. How deeply and quietly it slumbers at one time, how terribly active it becomes at another, how it flows through the heavens like an infuriated and destroying god!—John Burroughs in Harper's Magazine.

Infant Mortality.

According to American Medicine, "the real reason why there are 300,000 unnecessary deaths every year among our babies is that the fathers cannot make enough money to keep them alive. One in every eight born is foredoomed to early death for this reason and no other. It is not necessarily straight starvation, but precious near it, as well as deprivation of comforts which are necessities for a baby. If the father makes more than \$25 a week the death rate of his infants is less than eighty-four per thousand; if he makes less than \$10 they die at the rate of over 250!

Remedied.

A stranded but haughty "leading lady" was obliged to put up at a dilapidated country hotel. She glanced frowningly about the office, reluctantly signed the register and took the brass key from the proprietress.

"Is there any water in my room?" she demanded.

"Why, there was," replied the proprietress. "There was, but I had the roof fixed."—Chicago Herald.

A Joy He Knows Not.

No matter how proud a man may be of his new hat, he can never know the bliss of replying to admirers, "Yes, and I made that myself from materials I had left over, and I think it's every bit as good as the woman's next door, which cost \$20."—Pittsburgh Gazette Times.

It's a Funny World.

Many a well meaning man who starts on his day with a determination to radiate cheerfulness only succeeds in setting folks wondering what on earth he's grinning at.—Milwaukee Journal.

Men know not how great a revenue frugality is.—Cicero.

REMBRANDT'S CAREER.

It Is a Sermon on the Fickleness of Popular Approval.

The career of Rembrandt, now generally acknowledged to be one of the very greatest of painters, is an illustration of the fickleness of popular approval. During the last twenty-three years of his life he disappeared "in a shadow like that which envelops the mystery of his painting."

In "Sketches of Great Painters," a book by Edwin Watts Chubb, there is an interesting paragraph—interesting alike to the philosopher and to the lover of art. "A generation after the death of Rembrandt his great-nephew observed that 'a short time ago the ignorance of reputed connoisseurs was so gross with regard to the work of the mighty Rembrandt that it was possible to buy one of his portraits for sixpence!'"

"Two centuries later an American millionaire, according to current reports, paid \$500,000 for one production, 'The Mill.' When he died 13 florins were spent on his funeral. In 1906, when celebrating his tercentenary, Leyden and Amsterdam spent thousands in his honor. When he lived his house, Saskia's home, was sold under the hammer of the sheriff; now the municipality has purchased the property, which has become the shrine of worshipful admirers, who come from all parts of the earth to see the place where once lived Rembrandt. Within a generation of his work criticism believed that 'the vulgar and prosaic aspects of a subject were the only ones he was capable of noting' and that his was 'a manner founded on delusion.'"

"Today we say that Rembrandt was universal in his sympathy, seeing where others were blind; that the ratchet as well as the saint, the aged beggar as well as the prince, the wrinkled old Dutch woman as well as Cupid, were seen as worthy of the interpreting brush of the painter or needle of the etcher; that he is of the race of Michelangelo and Velasquez, of Titian and Raphael, of Leonardo and Rubens."

THE STRAIN ON OUR EYES.

Modern Conditions, Not Poorer Vision, Necessitate Glasses.

The question, "Are our eyes weaker?" is frequently asked by people who observe closely and who are dismayed by the remarkably large number of people who wear glasses today as compared with a generation or so ago. Our eyes are not degenerating. The eyes of the present generation are in no wise poorer, weaker or inferior to those of our ancestors, notwithstanding the fact that a far greater percentage wear glasses than formerly.

The probabilities are that the eyes of the human race are neither weaker nor stronger today than were those of our forefathers, unless it can be proved that the whole physique of the race today is weaker or stronger. As is the whole physical body, so are the eyes.

But much more is required of our eyes now than was ever required of our ancestors. The strenuous struggle for existence today, the ever increasing complexity of our modern civilized life, the multiplying knowledge of the world in all lines of human endeavor, knowledge that must be mastered if we would rise and achieve success, put far greater strain on the eyes of this generation than on those that have gone before.

Our schools are far more exacting and severe, the business and scientific world require closer application and more painstaking care than ever before. Electricity has turned night into day, and much more work is now done by artificial illumination than in the past. Sharp competition in every line makes it necessary to have the best vision obtainable.

Because of these exacting demands on our eyes, latent imperfections, errors of refraction, causing eye strain, are brought out and made manifest by symptoms of discomfort and distress, compelling us to seek the improvement of vision and the comfort afforded by properly fitting lenses.—Journal of the American Medical Association.

To Make Bandages.

Bandages can be prepared from the good parts of worn sheets or pillow slips if perfectly clean. Rolls six to eight yards in length are most convenient—one inch wide for fingers, two inches for feet, two and one-half to three inches for head and arms and four inches for legs. A good way of keeping them in condition for use is to seal the rolls in a perfectly clean glass jar.—Philadelphia Record.

Genuine Innocence.

A youthful Ohio man who married a widow and went to Chicago for his honeymoon complained to the hotel management that his pockets had been rifled of all the money he had the very first night. Did you ever think there was such innocence as that in Ohio?—Houston Post.

Another Face on It.

"We ran across an old friend of yours the other day."

"Who was it, and where did you meet him?"

"It was Mr. Toddler, and we didn't exactly meet him—he wouldn't get out of the way."—Baltimore American.

WINCHESTER BOY SUFFERING FROM ATTACK OF TETANUS

Brought to Local Hospital for Treatment—Case Result of Wire Cut Received a week Since.

Raymond Walker a boy of ten years from Winchester is at Our Savior's hospital suffering from an attack of tetanus and is under the care of Dr. F. A. Norris. The lad was brought here Friday after Dr. Norris had been called to Winchester Thursday night to see him. It seems that a few days ago the boy scratched his foot on a wire. At that time some healing remedies were applied to the slight wound and it healed rapidly and little was thought of the danger attending it. It seems though that while the surface healed that the tetanic bacilli were in the wound and it is a scientific fact that they do not get active until absolutely shut off from air; and this is the condition which occurred when the wound healed. The Walker lad has a mild attack of tetanus, which is more commonly known as lockjaw, and there is hope that he may recover. The treatment given is the injection of anti-tetanic serum.

The case illustrates the general need there is to have this serum injected as soon as possible after an injury from a nail or wire. The injection of the serum serves to kill the tetanic bacilli, which if permitted to live and work result in lockjaw. It takes a period of from seven to ten days for the serum to do its intended work, and the trouble is that if its injection is delayed until there are absolute symptoms of tetanus, the disease develops so rapidly that the patient cannot survive the convulsions for a long enough period to permit the serum to accomplish the desired results. If the serum is administered soon after the injury occurs then it is practically certain that it will produce the desired results before the tetanus has had the opportunity for development. Tetanus is in reality a paralysis of the respiration and if allowed to develop for a considerable period before the serum is administered, the patient is very likely to suffocate during a convulsion.

MORGAN COUNTY YOUNG MEN ENJOY LIFE IN SOUTHWEST

Russell Ogle and Herbert Smith Write to Relatives About Unexplained Absence—Left Home in Night Time Just to Travel for a Few Months.

Mr. and Mrs. Harry E. Ogle of the Grace Chapel neighborhood were in the city Friday and expressed themselves as much gratified a few days ago to receive a letter from their son, Russell, who in company with Herbert Smith, son of a neighbor, left on the night of July 19th without either of them making known their intention. Both of the young men are nearly twenty-one years old and had expressed a desire to see some of the world, but no suspicion of their contemplated going was in the mind of any of their home folks.

Ogle had been to town a few days before leaving home and had purchased new shoes, clothing and other articles, but did not take any of them with him. It is supposed he did not have over \$15 in cash when he started away, but from the letter received by his parents from Oklahoma a few days since it was learned the money lasted them until within twenty-five miles of the 101 Ranch and that distance was easily tramped. After working two days at the ranch, they left for New Mexico. They appeared to be getting along nicely by doing odd jobs for various people and when last heard from were happy and enjoying life with \$14 in cash on hand. It was only a streak of "Wanderlust" got into the young men and they heeded the call.

SMOKE THE ELITE. A 10c CIGAR FOR 5c. IT HAS NO EQUAL.

REV. MR. CAIN CALLED AWAY.
There will be no services Sunday at the Concord M. P. church or at Grace Chapel and quarterly conference will be postponed from today to Saturday, Aug. 14, on account of illness in the family of the pastor, Rev. A. L. Cain. Rev. Mr. Cain received word Friday forenoon that his nephew, Eliza Putnam, was dying and left with his wife on the 12:08 train.

We will continue our RED TAG sale and we have a number of good bargains in these odd suits at TOMLINSON'S.

ICE CREAM SOCIAL.
An ice cream social will be given by the young peoples society of St. Bartholomew church of Murrayville on the church lawn, Monday evening, August 9th.

Eat Claus' JUMBO Peanuts.

MRS. JACOB DAVIS ENTERTAINS.
Mrs. Jacob Davis, of Richards street, entertained a limited company of friends recently in honor of Miss Dimple Christburg, of Galesburg, and Miss Genevieve Halthman, of this city. Miss Christburg is a graduate of Knox college at Galesburg, and Miss Halthman graduated from the Jacksonville high school in the class of 1915. The young ladies will leave the last of this month for New York city where they will enter a training school to fit themselves for nursing.

SMOKE THE ELITE. A 10c CIGAR FOR 5c. IT HAS NO EQUAL.

Mrs. James R. Mathews, who has been visiting her sister, Mrs. D. C. McCoy, at Michigan City, Ind., is now at the home of her son, Newton in Chicago.

RICHARD WRIGHT HERE TO VISIT BOYHOOD HOME

Left Morgan County With His Parents Nearly Sixty Years Ago—long in Hotel Business.

Richard Wright, of St. Louis, is visiting Capt. John E. Wright, W. B. Wright and other relatives in Jacksonville and Morgan county. It is nearly sixty years since Mr. Wright has visited his relatives here, as he moved to Iowa with his parents when a mere boy. He is the last surviving son of the late George Wright, whose father, John Wright, settled so many years ago on a farm east of Murrayville. In honor of John Wright the precinct in which he lived was long known as Wright-precinct and many of the older maps of the county still show that name.

Mr. and Mrs. George Wright and their seven sons moved from the vicinity of Murrayville to Wayne Co., Ia., about 1856, and there was the family home for a great many years. Now the father and mother and six of the sons are dead and Richard Wright, the only surviving member of the family, engaged in business as a hotel keeper. After leaving his Iowa home he resided for a time in Missouri and afterwards in Nebraska. A few years ago he retired from active business life and now is dividing most of his time with his son, who lives in St. Louis, and a daughter who lives in Kansas City.

Recently he came in an automobile from St. Louis to Murrayville where he has been visiting with the family of W. B. Wright and some other relatives. In company with W. B. Wright the visitor went to his boyhood home and to the old home of his grandfather. He also visited the cemetery where so many relatives are buried, and many places in Murrayville precinct were of interest to him and awakened boyhood memories which had been almost forgotten. Mr. Wright remembers that after leaving Morgan county with his family he was back in this vicinity five years later, as he came with some others to drive some cattle from the vicinity of his old home through to the new home in Iowa.

Yesterday the visitor, together with W. B. Wright and family, were guests at the home of Capt. and Mrs. John E. Wright, on South Diamond street, and the day was very enjoyably spent. Today Mr. Wright is to go to Springfield for a brief visit with a relative, and then he expects to return to St. Louis.

Yes, we still have some good suits left in the RED TAG sale at TOMLINSON'S.

Miss Nellie Sullivan of Dunlap street is at home after a visit in St. Louis, from where she went on a steamboat trip with friends with whom she was visiting.

THREE INSANITY CASES HEARD IN COUNTY COURT.

Sick Man Who Left Hospital and Walked to Country Committed For Observation.

In the county court Friday Judge Thomson was busy with several insanity cases. Samuel McColley was brought before a jury and was declared insane and ordered committed to Jacksonville state hospital. He has been a patient there before but sometime since was restored to the rights of citizenship. More recently, however, he has given some evidence of an unsound mind and it was determined that it was the best course to bring his case to the attention of the court.

The complaint was filed by Wilbur Taylor.

The jury which heard the evidence was composed of the following: Dr. J. U. Day, John W. Priest, John Minter, Jerry Clancy, Charles Hogan and Albert DeFreltas. After hearing the evidence of H. C. Wolfman who is McColley's family physician the jury found McColley of unsound mind and recommended his commitment to Jacksonville state hospital for treatment.

Mrs. Nellie Nagle of Carrollton was declared insane by a commission and was sent to Jacksonville state hospital. She has been a patient at a local hospital but it was decided that she should possibly be cared for at an insane hospital.

William Allen, who is also known as Joseph Rosser, was committed to Jacksonville state hospital for observation. He is the colored man who has been a patient at Passavant hospital and Thursday wandered away to the farm of William Groves a few miles west of the city.

FANCY LEMON SALE 12 Cents Dozen Today. CANNON BROS., W. STATE.

CUBS DEFEAT ROOTERS.

The Cubs defeated the Rooters by a score of 21 to 16 in a ball game Friday afternoon. Williams and R. Zell were batteries for the Rooters and J. Zell and Woods, for the Cubs. Score by innings:

Cubs .. 002 234 181—21
Rooters .. 001 421 203—16

Drink Claus' Famous Coffees.

MR. TAGGERT A CANDIDATE.

Petitions are being circulated for Frank Taggart of Meredosia as a candidate for the Republican nomination for county commissioner. Thus far Mr. Taggart has no opposition but it is possible that other candidates may be heard from.

CHAUTAUQUA PROGRAMS.

Programs for the Jacksonville Chautauqua have been issued and can be secured from the secretary, A. C. Rice at the Farmers' State Bank & Trust Co.

LIBRARY REPORT SHOWS MORE BOOKS BEING READ

Number Borrowed in July Much Larger Than in Same Month Last Year—Improvements at the Library.

At the meeting of the library board held Friday afternoon the report presented by Miss Barrette showed that 3,784 books were borrowed from the library during the month of July. In the same month of 1914 the total number was 3,053, and the increase is the more remarkable because the repairing work which is in progress at the library has necessitated scaffolding and has interfered to some extent with the number of visitors. The report showed that as is always true, the largest number of books taken were fiction, the number being 2,376. While more books of fiction are always read, than the combined volumes of other classes, the number during the summer months is always larger than at other times, because in warm weather readers naturally turn to the lighter subjects. Other books taken were classified as follows: General, 2; periodicals, 4; philosophy, 25; religion, 62; sociology, 192; language, 10; science, 92; useful arts, 35; fine arts, 99; literature, 159; history, 71; travel, 85; biography, 31; magazines, 217; rent fiction, 251.

The librarian's report mentioned the story hour conducted by Miss Clara Lane recently out under the trees on the library lawn. At least thirty-five children gathered there and listened with evident delight as Miss Lane told several Grimm fairy tales. The series of health book marks which have been distributed have awakened a great deal of interest on the part of children and have afforded the opportunity to the librarian and her assistants for giving a number of suggestions to the children about the proper care of books. Dr. Black mentioned the need of a ventilating system for the audience room and of some roof repairs, and these matters were referred to the improvement committee with power to act.

HILLERBY'S.

Half price Remnant sale continued today. Last day of Parasol Grab Sale. Parasols from \$1.00 to \$5.00, for \$1.00.

AN OLD DOCTOR BILL.

A fee of twenty-nine dollars which had been outstanding for twenty-five years was recently received by a local physician. In February, 1890, the doctor attended a Jacksonville woman who some time later moved to Chicago and a short time ago died in that city. By provision of her will, the money was furnished to a friend who sent the bill but forgotten fee to the physician here.
